

Vanessa Coffey has trained and worked professionally as an actor, dancer and movement director. Prior to this, she worked as a corporate lawyer. This experience offers a unique set of skills which enable her to negotiate sympathetically between actors, directors, producers, casting directors and crew. Her training allows her to craft scenes to achieve the desired outcome, while keeping performers safe - her main goal and purpose as an Intimacy Coordinator.

Vanessa was one of three ICs who advised on and contributed to the Directors UK guide: Directing Nudity & Simulated Sex - Creating a Safe Environment for Daring Work

Represented for Theatre, Film and TV by:
